3	Details of CSR Project for the year 2026-2027:	Adani Energy Solutions Limited (AESL) understands the responsibility it holds in the development of the communities in the regions where it operates and in contributing to improving people's quality of life. AESL, in alignment with the Sustainable Development Goals (SDGs), engages with local communities and associations to implement targeted community development programs that focus on good health, quality education, sustainable livelihoods and community infrastructure. In this endeavour, AESL is working in collaboration with the Adani Foundation, the Corporate Social Responsibility arm of the Adani Group, leveraging its strength and experience in the area. AESL has conducted an extensive social strategy exercise to chart the future course of its social initiatives. As an outcome of this effort, the organization has initiated significant focused efforts in three additional areas, where AESL is committed to having a deep impact as per the following synopsis –
