Sub: Fuel & Power Purchase Adjustment Surcharge (FPPAS) for Q2 of FY 26-27

Dear Sir,

We have calculated FPPAS in accordance with MPSEZ Utilities Limited's tariff order in Case No. 2589 of 2025 dated 25th March 2026 read with order in Case No. 2646 of 2026 dated 29th May 2026 issued by the Hon'ble Commission.

We hereby submit FPPAS for Q2 of FY 26-27 duly certified by the Auditors for kind consideration of the Hon'ble Commission.

Accordingly, recoverable FPPAS for Q2 of FY 26-27 works out as (-34%). Negative FPPAS is mainly on account of delay in execution of the transmission network which has resulted in lower transmission charges and corresponding sales. These are the factors/supply constraints completely beyond the control of MPSEZ Utilities Limited (MUL) and the same is requested to be looked at appropriately by the Hon'ble Commission.

Further, billing FPPAS at (-34%) will produce substantial revenue gap with carrying cost eventually resulting in tariff shock to the consumers in future. Hence, with a view to avoiding tariff shock and adopting a balanced recovery approach, MUL has opted to recover/bill FPPAS at a NIL/0% rate from the billing month of Oct 2026.

Thanking you,

Yours Sincerely,
For **MPSEZ Utilities Limited**
